Respected Parents,

“Educating the Mind without Educating the Heart is no Education at all”. We, the Johannite family are committed to pursue a progressive vision of holistic development in each child. We nurture a zeal for academic excellence and inspire learners to develop a plethora of skills, build sporting caliber, be artistically creative and learn good values. Our focus is on building in learning the 21st century skills of critical thinking, creativity, communication, collaboration, and ethical leadership. Education is a collaborative exercise for us. Parents are partners in their ward’s learning. Students are children abounding with immense potential. We are able to unlock this potential, kindle curiosity and put children on the path to lifelong learning with your cooperation and support along with a hard-working, caring and dedicated team. I look forward to work together as one Johannite family to challenge ourselves and our students to set the highest standards and achieve our ambitious goals. Thanking you sincerely for your continued support throughout the academic year 2023-2024.
